IGUASSU FALLS GETAWAY

3 Days FROM \$459

IGUASSU FALLS, 275 waterfalls of the Iguassu River straddling the jungle borders between Brazil and Argentina, are one of nature's most spectacular creations. A 2-hour flight connects Rio, Sao Paulo and Buenos Aires to the city of Iguassu and both sides of the Falls. The Brazilian side is farther from the tumblers but delivers a panorama and better view of the greatest section, Devil's Throat. Here, 14 falls combine in the 330-foot fall, pounding the water below with such force that there is a constantly rising huge rainbow-spanned cloud of spray. The Argentinian side, however, is more pleasant to explore, and offers such a close-up of the thundering water that most visitors wear waterproof raincoats. The Falls are shared by two Iguassu parks—the National Park in Brazil and the Nacional Park in Argentina—each has been designated a UNESCO World Heritage Site. You must visit both!

Remoteness breeds mystery, and visitors will find plenty to unravel in the standing stone statues (huge monolithic figures carved from volcanic stone) that are the world's most inscrutable archaeological enigma. Secret caves, primitive rock art and elaborate cult ceremonies are also part of Rapa Nui's mystique.

PANAMA CITY GETAWAY

3 Days FROM \$479

Panama City is the most beautiful & cosmopolitan capital in Central America. Founded in 1519 by the Spanish, it quickly became an important center of government and church authorities, only to be destroyed in 1671 by Welsh pirate Henry Morgan, later the governor of Jamaica. Gone forever were several beautiful churches, thousands of colonial homes and hundreds of warehouses stocked with foreign goods. Panama City today has several major attractions, among which are these popular four: Panamá Viejo on the eastern edge, whose scattered stone ruins cover a large area; "downtown" or the "new" city of Casco Viejo (Old Compound), re-built by the Spanish just a few miles southwest of the original site, with narrow cobblestone streets and a mix of architectural styles; the lovely residential suburbs with gracious villas, modern hotels, gardens and pools and of course, the 48 mile long Panama Canal, connecting the Atlantic and Pacific Oceans.

DELFIN AMAZON CRUISE

4 or 5 Days FROM \$2,800

The blooming soul of the northern Amazon Rainforest is among the most protected biodiversity swaths remaining today in the region, and no other destinations in Peru offer the kind of unbarred access to some of Earth's most elusive creatures and plants. Just imagine going on a morning boat ride skirting the edges of the river in search of cackling macaws and tree sloths slowly waking up to begin their days, then returning to your vessel with a chilled local fruit juice waiting for you. Or, how about swimming in a mirror-like lagoon that is so calm that it seems preface to a storm, yet instead, you're greeted by rare pink river dolphins jumping up to say "hello"! Finally, what better way is there to close out your evening fishing for red-bellied piranhas during a fiery sunset? These and much more are some of details that have been anticipated by the exceptional crew of the Delfins, whose operations have been painstakingly considered to cater to even the most discerning and seasoned explorers who seek styled, boutique experiences along with authenticity and charm, and gourmet meals. That's the reason why they have been appointed as the first Relais & Chateaux cruise company in the world since 2018 with all three of their vessels.

All of our itineraries have been carefully crafted to showcase the best flora and fauna that the Marañon and Ucayali Rivers in the Pacaya Samiria National Reserve have to boast, along with offering ideal soft adventure excursions for travelers to further discover the secrets of the Peruvian Amazonia. Itineraries vary based on the water level of the rivers. High Water season is from December to May and gives travelers much more access into the reserve on board the speedboats. Low Water season is from June to October, when travelers may experience a slightly more active itinerary, overall a year around destination. There are 2-3 daily excursions such as bird watching early in the morning, kayaking, trail walks, visits to local communities, shaman experience, or canopy walking.
